WHY AM I COMMITTED IN FIGHTING FEMALE GENITAL MUTILATION?

I am committed in fighting Female Genital Mutilation because I was the first female person that wasn't affected by FGM in my family. In other words, I am the first generation to be spared thanks to my mother and I want to be able to help others to be saved from it as well.

WHAT DO I LIKE MOST ABOUT BEING AN ACTIVIST?

What I like most about being an activist is the impact that small actions can have in other people's lives and how you can bring joy to others by working hard on what you like. Helping and serving is what I like the most about being an activist.

WHAT DO I DREAM OF FOR GIRLS' AND WOMEN'S RIGHTS IN THE FUTURE?

My dream is that one day we will be able to have the same rights in most communities and all our voices will be heard at the same level.
